What do we have in store for

december?

 **Fall Cleanups**

 Perennial & Grass plants
(Trimming + Pruning)

 **Spring 2025 Estimates**

Call Us @ 401-385-9685 with any questions!

FALL CLEANUPS

Our maintenance services have ended and we have already started transitioning into our Fall Cleanup phase of services!

FALL CLEANUP (ONE -TIME)

If you are scheduled to receive this service you will get ONE visit between November 25th - December 15th.

During this visit we will clean all debris & leave the property as clean as possible. All grass plants & perennial flowers will be pruned at this time as well as one final mowing.

FALL CLEANUP (SEASONAL)

We started the first round of Seasonal Fall Cleanups on November 11th through November 30th.

During the first visit we had cleaned the yard, cut back perennial flowers + grass plants & mowed the lawn one final time.

The second visit would take place between November 25th through December 15th.

During that visit we will clean all debris & leave the property as clean as possible. Any grass plants or perennial flowers that are still in need of cutting will be done at this time.

The anticipated time between visits will be 3 weeks.

***Some properties will receive a 3rd visit. This will be at our discretion. Reasons we would return for a 3rd visit:

- Property has trees that shed extra late
- Second visit occurred when most of the leaves had not fallen***

PERENNIAL & GRASS PLANTS TRIMMING + PRUNING

Ornamental grass plants & Perennial flowers add texture, movement, & year-round interest to your garden, but to keep them healthy & vibrant, cutting them back every year is essential!

IF YOU ARE ONE OF OUR MAINTENANCE CLIENTS AND/OR SCHEDULED FOR FALL CLEANUP – YOU ARE ALREADY SCHEDULED FOR THIS SERVICE

We offer this service to prevent winter damage!

Dead, Diseased & damaged branches pose a risk to the plant as they can harbor disease.

Your shrubs will not be damaged when you prune out the dead wood in the fall, it is necessary to prune out any possible disease now so it doesn't spread during the winter!

It's not too early to plan for Spring 2025!
Lawnscares offers a variety of services, including
construction projects!
As always, our estimates are FREE!
